OUR PHILOSOPHY

At Let's Play Music & Make Art, our aim is to create the optimal learning experience for everyone. We understand that each student is unique, so we customize lessons to meet students' individual learning styles, and objectives and incorporate creative and fun ways of providing a solid foundation in theory and technique. We don't just teach students how to play their instruments; we teach them the theory behind what they are playing. We don't just teach students how to draw a straight line; we teach them how to see all the details of their subjects.

OUR MUSIC EDUCATORS

With over 30 teachers on staff, we are able to find the perfect match for you or your child. All of our teachers make learning music fun while providing the best atmosphere for musical growth. Each teacher works with students to set attainable goals. Some of our teacher specialize in younger children, while some specialize in advanced studies with older students. We also have teachers that work well with students who have learning challenges. We have teachers that specialize in different styles of music including classical, rock and Jazz.

CALENDAR

Students pay for four lessons per month. The studio's calendar reflects these scheduled lesson dates and is posted on the home page of our website at www.letsplaymusic.com. Studio calendars are also posted on our bulletin boards in our studios. Please check the schedule for openings and closings.

MAKE-UP CLASSES

We need 24 hours’ notice to reschedule the lesson as a private lesson. However, we offer make-up classes for students who cannot give 24 hours’ notice. These are group lessons offered once every six weeks or so. We post signup sheets on the bulletin boards in the studios with the dates offered. If you can’t make the class offered, you can always signup for the next one. Often, we cover concepts that work well in a group as opposed to private lessons such as conducting or playing together. If you are going to be absent and a makeup class is interesting to you, you are welcomed to come to a makeup class ahead of an absence. Anyone may attend these classes whether you currently have a make-up coming or in case you might call without 24 hours’ notice in the future.
